

7.1.2.4 Green Campus Initiatives

Institute's green initiatives aim to preserve and improve the environment by leveraging sustainable, eco-friendly, and environmentally safe practices and alternatives. This involves following measures to create environmental consciousness and reduce pollution and waste, conserve resources, and maintain an ecological balance by:

1. Institute place signage for Conserving energy and also shifting to renewable energy.
2. Institute is already shifted to LED lights for Conserving Energy.
3. Reducing kitchen waste by using those into Biogas Plant and compost maker.
4. Dripping of AC are used to fill the coolers and watering the plants.
5. Institute regularly initiating the session to make students aware about green practices seeking to them to create the better equip the world of work to understand the challenges and opportunities of the coming transition, and help them take up the active role that they must play in managing this change.
6. Single use plastic is strictly banned in the campus and student are also encourage to avoid using nondegradable material in their lifestyle.
7. Institute also banned on using paper tissue during food service activities, paper tissues are replaced by cloth serviette.
8. Glass reusable bottles are used to serve water in the place of plastic bottles.
9. Institute have also banned the use of plastic carry bags during College most awaited event that is Tandoori Nights, instead of these plastic bags recycled news papers bags are prepared by the students. For this they also run the recycle drives for collecting Newspapers, and all the decorative material that can be used for decoration for the same event.
10. Discarded cloths are used as kitchen dusters and wiping cloths during the event.
11. Disposable plates are also been banned in college events and any activity that college organises. Instead, washable and reusable plates are used.

AISHE

12. College housekeeping staff is also encouraging to use green cleaning agents for cleaning purpose.
13. Institute also runs the practice called "Soji" which aims to make them environment conscious by cleaning campus in which they learn to segregates the wastes, learn the concept of reuse, reduce and recycle.
14. Institute also had planned for rain water harvesting at possible places in the premises.
15. Institute encourage student to participate in Plantations drives whenever possible.
16. As part of curriculum, institute had sent a team of students for understanding the landscaping and flora and fauna around the Dr. Babasaheb Ambedkar International Airport, Nagpur.

These Green initiatives are crucial for environmental, economic, and health-related reasons, and are overall beneficial to all the stakeholders of the Institution. Apart from this Institute also has Active Awani Environmental Club who look after the creating and organising Environmental Consciousness among the students and other stakeholder of the Institute.
