EDUSCOOF MOBILE APPLICATION

A Eduscoop mobile application is a software application developed specifically for use on small, wireless computing devices, such as smart phones and tablets, rather than desktop or laptop. Mobile Application is more than just another latest technology solution - it is a system that will improve the way school/colleges are managed. The implementation of our flagship product Mobile Application will help the institute to manage day to day activities more efficiently, promptly and in less time which will lead in time saving.

Features of Eduscoop Mobile Application :

- Institute Information like:

    1. General Information

    2. Facilities

    3. Management Information

    4. Contact Us

- **Notices**: In the Notice Module the user can see all the notices published by the institute. If any new notices are updated, then the users get the notifications instantly for the same.

- **Calendar**- Calendar facility is provided to view the real time details of the activity taking place in School/College. The events also get stored in mobile calendar for reminders .

- **Assignments / Homework:** Students can be given assignment with worksheets and different files attached through this App.

- **Photo Gallery**- At a glance, users can easily view the Photos of events, Gathering, Fancy dress, etc organized by the institute.

- **Student Profile**- Student can also view & update his profile.

- **Attendance Module**- In the attendance feature the student/parents can view his attendance in following 3 ways-

Biyani

1. Month wise Attendance
2. Subject wise Attendance
3. Date wise Attendance

The Teacher's can mark the attendance of the students through the smart phones which saves their manual work.

- **Communication**-Communication is an excellent facility through which the Parents/Students can easily communicate with the concerned person of the school. They can create a message and send it to the respective person.

- Parents, Students & Staff can be allocated User Id & Password to view the information

Kolhapur Office (H.O.) : 2nd Floor, Royal Prestige Building, Sykos Extension, Lohia Marg, Kolhapur, Maharashtra - 416001.

Mumbai Office: 72 / 80, Nagdevi Cross Lane, Office No. 206, Mumbai 400 003, Maharashtra, India.
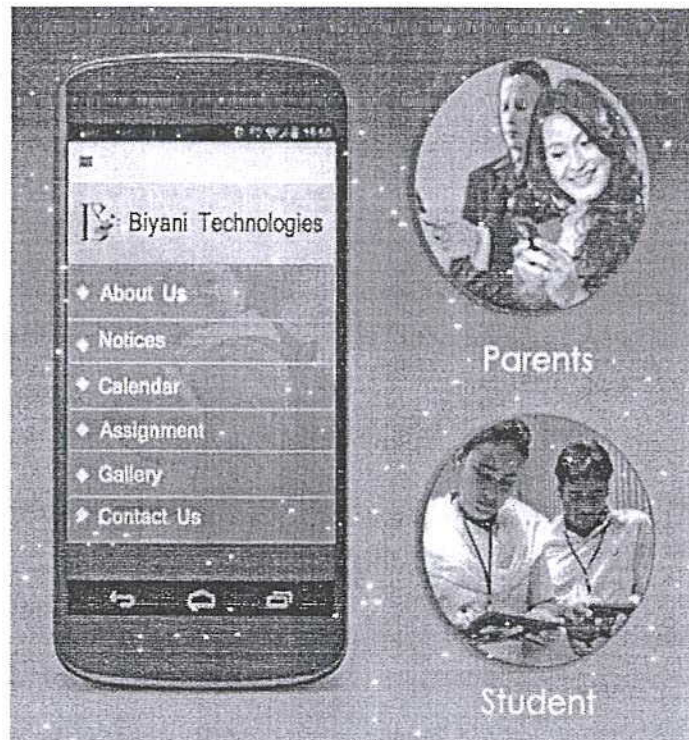

International Office (US) : 307 Rock Rose Place, Round Rock, TX 78665. Contact Us At : (0)231 – 2526373, +91- 9850819973

Other Regional Offices: Mumbai, Jaipur, Raipur, Delhi, Bhopal, Chandigarh, Varanasi, Kolkata, Hyderabad, Bangalore, Hubli.   9

ADVANTAGES :

- Instant Notifications

- No restriction of number of characters as in SMS(Short Message Service)

- Detailed information like Assignment details and File attachment can be viewed which cannot be sent via SMS.

- Using this Mobile App will Reinforce your Brand i.e. (Schools/Colleges) and give you competitive advantage over other institutes thereby increasing your admissions

- User Friendly Application

- Recharging is not required every time like in SMS(Short Message Service).

- At a glance Parents can see all the information of their child.

- Internet Connection is not always required

- Smooth communication between the institute and Parents/Students

Be the first institute in your area to implement the Eduscoop Mobile Application.

Why Biyani Technologies?

- We carry **10 years** of huge Experience and Successful implementation of our products at more than **1000** and above Educational Institutes, Schools/Colleges, Universities, Hospitals, Milk Unions, Other Small & Medium sized businesses, Textiles, Sugar industries, etc

Biyani Technologies

"Galaxy" School/College Management System

It is a complete ERP / MIS software solution for managing Schools & Colleges. The software is available on both cloud as well as desktop version in online as well as offline mode.

The software consists of various modules catering to all departments of the institute likes: Student Admission, Certificate issues, Statistical information, Fee Collection, Accounts, Establishment, Payroll, Attendance, Stores & Inventory, Examination, I Card, Time Table, Training & Placement, Syllabus, etc User have a choice of selecting the modules as per their requirement and their budget.

The software can be integrated with Bar code / RFID technology / SMS / Email notification.

"Galaxy" Library Management System

A unique state of art Library Management Software is developed which will help Librarian to keep complete track of books, Periodicals, Journals, CD's, Book Bank etc. The software is developed using latest technology and can operate on cloud network. It is available in both Online and Offline version. The software can be integrated with Bar code / RFID technology / SMS / Email notification.

Software is capable of maintaining multiple registers like junior, senior, university, UGC, donated books, write off, etc. It consists with world class OPAC module for quick access to library.

Career Lab

It is used to improve the communication skills, presentation skills, soft skills, Internet skills and the most important "work place skill". These skills are required by company and its HR while recruiting candidates or campus interview. Candidates are good technically but they lack in confidence, communication and presentation. The lab will help them to improve their skills and make students more employable. Few contents of Career lab are:

- Personality Development
- Group Discussion Techniques
- Spoken English Skills
- Computer & Internet Skills
- Writing Skills
- Interview Skills
- Presentation Skills
  And many more....

Aptitude Lab

This lab is especially designed to help students to improve their Aptitude and Reasoning skill. Aptitude tests are conducted by all organizations during their interview process may be Government or Private. It is used as the first elimination round by organization to shortlist from huge pool of candidates. Our lab provides candidates with lots of practice questions, strategies to attempt the test, Sample papers, Mock tests, etc. It comes with facility of Online Examination where teacher can upload and create their own question banks.

Student Tracking/RFID Attendance System
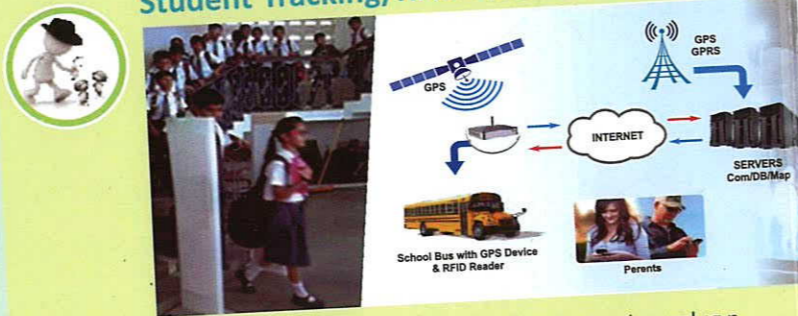

- It is latest, world class technology, pure wireless, plug n play automatic smart card based Student Attendance & Tracking System.
- It does not require any wiring, internet connection, computer and no manpower to operate. Just a plug n play device and the system starts working.
- Parents wherever they are, will get an instant automatic SMS Notification ("Mummy/Daddy, I'm in Campus") on their mobile phones as soon as their child Enters / Exits the institute campus.
- Principal & management get the entire campus attendance report within minutes of school starting. This info can also be shared with School Mess to save excess of food been prepared for absent students.
- The school authorities can see the Real-Time Attendance of The students from any where in the world as it is a complete cloud-based System.

School doesn't need any internet connection, Computer, LAN, Cabling, etc. Just plug and play this system. No man power required to operate the system.

eLearning Solutions

We provide eLearning solutions for Schools as well as Colleges for CBSE and other boards and technical institutes like Engineering and Polytechnic. The material is offered in various media like Mobile apps, individual student and classroom teaching. The contents are prepared, evaluated and regularly updated with our highly experienced staff and subject mater experts.

Other Products

- Face/Fingerprint Attendance System
- Website Development
- Search Engine Optimization (SEO)
- ERP for Milk Unions, Dairy, SME industries
- Task Management System
- Customer Relationship Management System (CRM)
- Mobile Jammer, CCTV
- Software Consultancy
