Indian culture is one of the most ancient cultures present in the world. The country is quite diverse and is home to several communities, each of whom has their own culture and traditions. It is this combination of various splendid cultures that make India one of a kind. The Indian cultural diversity is what makes India unique and beautiful and "Garba" is layered with symbolism of the feminine divine and cyclical nature of life.

Garba is a dance that honors, worships, and celebrates the feminine form of divinity. The word "garba" comes from the Sanskrit word garbha, meaning "womb." Traditionally, the dance is performed by women in a circle around a clay lantern with a light inside, called a garbha deep ("womb lamp"). The garbha deep has another symbolic interpretation. The vessel itself is a symbol of the body, within whom divinity (in the form of the Goddess or Devi) resides. Garba is danced around this symbol to honour the fact that all humans have the divine energy of Devi within them.

Garba is performed in a circle (concentric circles when there are many people). The circle represents the Hindu view of time. In Hinduism, time is cyclical. As the cycle of time revolves, from birth to life to death to rebirth, the only thing that is constant is the Goddess, an unmoving symbol in the midst of all of this unending and infinite movement. The dance symbolizes that God, represented in feminine form in this case, is the only thing that remains unchanging in a constantly changing universe (jagat).

As garba is part of a religious practice, as with other Hindu rituals and worship, it is done barefoot (and on all kinds of surfaces). Going barefoot signifies respect for the earth upon which people walk. The foot is the body part that touches the earth – the sacred mother of all. The earth is imbued with generative powers and the foot is thought of as the conduit through which the vital energy of the earth travels through humans. With this deep thought Shri Balasaheb Tirpude College of Hotel Management and Catering Technology organised the "Raas Garba Competition" to promote gender equality, feminism and team building spirit among all students. The event was organised at MBA Amphitheatre on 25<sup>th</sup> March, 2023 hosted by Mr. Sachin Singh and Mr. Rohan Lall final year students. The event began with the highlighting the significance of the event by Mr. Akshay Dandale the officiating principal of the college.

One team from each class have participated and showcased their Garba Moves to Event judges Mr. Sahil Sharma and Mr. Shagun Indurkar, a Professional Choreographer from Beat & Steps Studio, all campus were enchanted by festivity, where student not only participated in

The Holi festival has a cultural significance among various Hindu traditions of the Indian subcontinent. It is the festive day to end and rid oneself of past errors, to end conflicts by meeting others, a day to forget and forgive. People pay or forgive debts, as well as deal anew with those in their lives. Holi also marks the start of spring, an occasion for people to enjoy the changing seasons and make new friends. Taking note of its significance Holi was celebrated with splash of colours at Shri Balasaheb Tirpude College of Hotel Management and Catering Technology. The atmosphere on

6<sup>th</sup> March, 2023 was marked with fun and fervour as all student's hospitality management celebrated this vibrant festival. The College following the green and global practices had arranged for safe organic herbal Holi colours. The academic courtyard was an amalgamation of enthused students who also sprinkled colours on teachers. As Holi is the festival which commemorates the victory of good over evil, brought about by the burning and destruction of the evil demon named Holika. So, the spirit of Holi taught the students to follow good conduct in life and believe in the virtue of being truthful and honest. The Principal, Mr. Akshay Dandale stated that Holi is a festival of new hope, new beginning and new opportunity. He reiterated to forget, forgive and start afresh and advised the students to play only with organic colours. The students of college welcomed spring, season of hope with songs, dance and bright colours which were the major highlights of this vivid and lively festival.

These bright colours are believed to signify energy, life and joy.

On 19 February 2021 at 1 p.m in the presence of the college principal and the teaching staff

"Shiv Chhatrapati Shivaji Maharaj" Jayanti was celebrated. Chhatrapati Shivaji Maharaj also spelled as Sivaji was born on 19 February 1630. He was born at Shivneri which is a hill fort in Junnar in Poona, now known as Pune. His father's name was Shahaji Bhosale and mother Jilabai Bhosale. He was the founder of Hindu Swarajya.

Shivaji had himself enthroned with great fanfare as an independent sovereign. The suppressed Hindu majority rallied to him as their leader. He ruled his domain for six years, through a cabinet of eight ministers. A devout Hindu who prided himself as the protector of his religion, he broke tradition by commanding that two of his relatives, who had been forcibly converted to Islam, should be taken back into the Hindu fold. Yet even though both Christians and Muslims often imposed their creeds on the populace by force, he respected the beliefs and protected the places of worship of both communities. Many Muslims were in his service. After his coronation, his most noteworthy campaign was in the south, during which he forged an alliance with the sultans and thereby blocked the grand design of the Mughals to spread their rule over the entire subcontinent.

Subject: Request for Permission to Install a Box Dustbin as a Donation near Sahakar Nagar crematory to Dr. Babasaheb Ambedkar International Airport.(flying club sonogaon)

Respected Sir,

I am writing on behalf of the Shri Balasaheb Tirpude College of Hotel Management and Catering Technology, Civil Lines Nagpur. Our organization would like to seek your permission to install a box dustbin from Sahakar nagar crematory to Dr. Babasaheb Ambedkar International Airport as a donation under the NSS Unit run by Rashtrasant Tukadoji Maharaj Nagpur University, Nagpur.

We, at Shri Balasaheb Tirpude College, strongly believe in promoting cleanliness and environmental sustainability. As part of our on-going efforts, we are undertaking a cleanliness drive under the National Service Scheme (NSS) Unit, with the aim of enhancing waste management practices at public spaces. Recognizing the significance near the Airport premises as a hub of activity and transit, we have chosen it as a prime location for the installation of a box dustbin.

The proposed box dustbin will be aesthetically designed, durable, and strategically placed at a convenient location within the airport premises. It will be clearly marked and labeled, ensuring that passengers and visitors can easily identify and utilize it for the disposal of their waste materials. Our intention is to contribute to the overall cleanliness and hygiene of the area.

We look forward to a positive response and appreciate your attention to this matter.

Yours Truly,

Akshay Dandale

With the increase in number of female students enrolling in to college and to create safe and healthy atmosphere for them college had organises the Menstrual Health and Hygiene session which is essential to the well-being and empowerment of women and adolescent girls. The aim of this session was to create facilities that effectively manage their menstruation as girls and women require access to water, sanitation and hygiene (WASH) facilities, affordable and appropriate menstrual hygiene materials, information on good practices, and a supportive environment where they can manage menstruation without embarrassment or stigma.

The main highlight of this event to including Male students and staff in over period of time it had been seen that this topic is equally important to bring forward into male generation for understating the importance of Menstrual Health and Hygiene for women as the resulting lack of information about menstruation leads to unhygienic and unhealthy menstrual practices and creates misconceptions and negative attitudes, which motivate, among others, shaming, bullying, and even gender-based violence. For generations of girls and women, poor menstrual health and hygiene is exacerbating social and economic inequalities, negatively impacting their education, health, safety, and human development.

With the help of session college had inditiated step towards to break this mentality. This session was conducted by Mr. Avinash Thakre from Orange Techno, under Gojri Movement. Concluded by demonstration of using Sanitary Despensing Machine which was installed in Girls Common Room at Second Floor.

Gender inequality, cultural taboos and poverty can cause menstrual health needs to go unmet. –  for every child

The onset of menstruation means a new phase – and new vulnerabilities – in the lives of adolescents. Yet, many adolescent girls face stigma, harassment and social exclusion during menstruation. Gender inequality, discriminatory social norms, cultural taboos, poverty and lack of basic services like toilets and sanitary products can all cause menstrual health and hygiene needs to go unmet.

Hence Education on Menstrual hygiene is vital to the empowerment and well-being of women and girls worldwide. It is about more than just access to sanitary pads and appropriate toilets – though those are important. It is also about ensuring women and girls live in an environment that values and supports their ability to manage their menstruation with dignity.

Keeping this concept in Mind Internal Complaint Committee of Shri Balasaheb Tirpude College of Hotel Management and Catering Technology and Globalhunt Foundation, /Unicharm India had jointly organises the online Training Session on Menstrual Hygiene for Female Students on 27<sup>th</sup> November, 2021 via Zoom Platform due to pandemic restrictions. Ms. Roshnee Bhowmick CSR Executive, of Unicharm India had conducted 45 minutes online training session at 1.30pm for the same. The various guidelines that students need to follow during their menstrual period was given for examples; Wear lightweight, breathable clothing, change your menstrual products regularly, keep your genital area clean, use unscented toilet paper, tampons, or pads, Drink enough liquids Etc. Total 17 students were participated.
