Dear Ms. Jaiswal

We are thrilled to extend our warmest congratulations to you for being chosen as one of the top 6 entries in the recent Smart Housekeeping Innovations contest!

We extend an invite to you to join us at the 5<sup>th</sup> National Housekeepers Convention and the 8<sup>th</sup> PHA Anniversary Celebration being held on 27<sup>th</sup> May 2023 at the Taj Bangalore to present the same before 200 participants to share your inspiring success story with the audience and receive your well deserved award.

Please also note:

You will have an opportunity to present your case through a PowerPoint presentation. Please prepare a concise presentation that highlights your journey, accomplishments, and the innovative strategies you have implemented to achieve success in your project.

To ensure a smooth flow of the event, we kindly request you to limit your presentation to not more than 10 minutes.

We are genuinely looking forward to your presence at the convention, as your valuable contribution will undoubtedly inspire and motivate fellow housekeepers. We are delighted to inform you that the convention is going to be live and all over the globe, industry leaders will be virtually participating.

Your presentation is expected to be between 2:15 pm to 3:15 pm. Sincerely appreciate your confirmation of participation in presenting your PPT. on or before the 20<sup>th</sup> of May 2023. Kindly let us know if you require any specific arrangements or assistance during your presentation. Do fill up the RSVP form <https://forms.gle/DfD1mD8bWui7bVVG6>. We will be more than happy to accommodate any special requirements you may have.

Eagerly awaiting your response.

Warm regards,

**Indrani Sanyal**

“In our home, parents thought us what is good what is bad, equally about cleanliness- Cleanliness is next to godliness.”

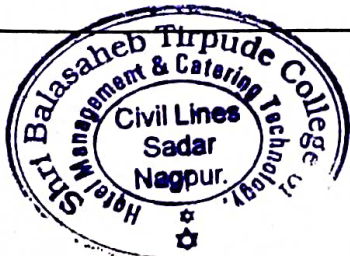

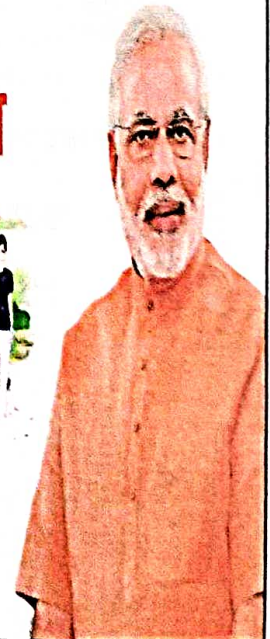

- ▶ “Soji” means cleaning in Japanese.
- ▶ Another reason for implementation of this concept is also to aid the Swachh Bharat Abhiyan.
- ▶ As the students are backbone of countries development it is necessary to plant the seed of discipline, environmental consciousness.

## Challenges-

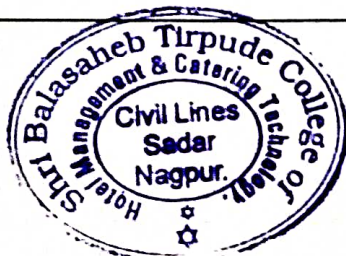

- Breaking of traditional mentality towards cleanliness.
- **DND**- academic schedule
- Encouraging Participation.

- ❑ College creates the *awareness* about the concept among the students through the videos and articles published related to concept.
- ❑ As *being Hospitality Students* most of the students already aware of basic concept and principles of cleaning and successfully completed their training (except for first year) all we need to do in make them aware of *Environment Consciousness and the importance of this activity*.
- ❑ College also conduct *demonstration* for latest mechanical equipment for fresher students.
- ❑ The project starts with *frequent campus cleaning drives along with segregation and dispose of various types of wastes generated on and around college premises*. (Done every Saturday)

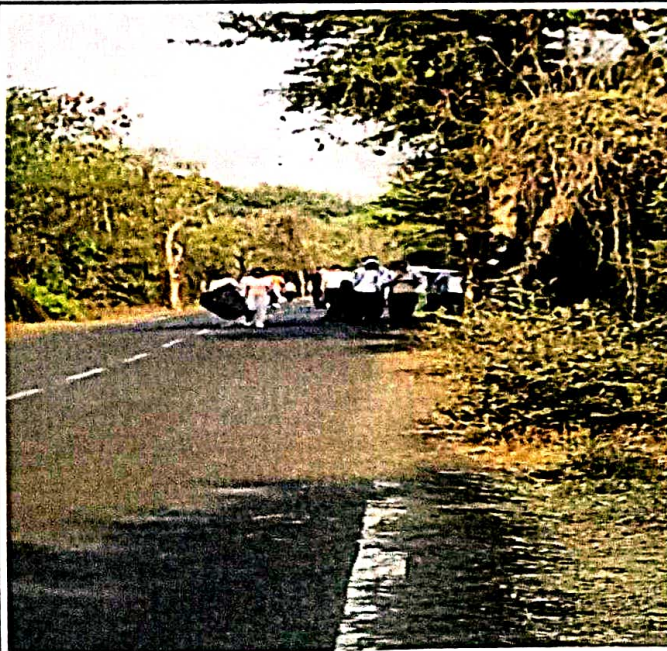

❑ As earlier mention household chores are still looked down upon, introducing this practice in curriculum and their regular schedule was quite a difficult task to achieve this without error college management introduces some high technology equipments and cleaning agents that they have used in their training resulting students are more comfortable using them and soon start to enjoy this practice.

- ❑ Our NSS Unit initiated more actively by starting the *regular cleaning drives at airport* surrounding which was neglected by the authority. Seeing these few local bloggers group also join us for the same.
- ❑ College also set up *smart laundry facility for students*, so they can participate in “Soji” activity more actively.
- ❑ Seen the positive approach, the college is presently doing this practice twice a week. Every *Wednesday and Saturday and college also set the student friendly pantry* for the same and schedule is also made so that all students know what exactly they need to do.
- ❑ *General verbal suggestions* were also welcome to encourage more student participation in this practice.

## OUTCOME:

## OUTCOME:

Stepping forward is what it takes to get things moving. Effort brings action. Action leads to momentum. Hence as the college is still under the implementation process of this Innovative Practice finds the following outcomes.

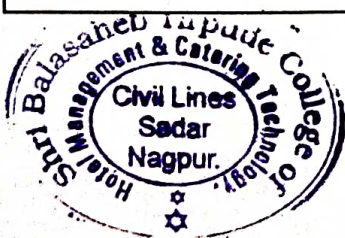

1. Students were more *discipline & well focus* as they were aware of that if they are using a particular space, it was their duty and responsibility to ensure that they leave that space clean. Ready to use for next users.
2. *Barriers Team building were showcased and mutual spirit is enhanced.*
3. *of communication* were reduced among senior and their junior.

Senior student was getting chance to be *trainer or buddy* for their junior subordinates.

*College campus were neater and aesthetic.*

Airport and campus surrounding become more *welcoming and cleaner* than usual.
